

- The parachute Equipment Rack has been designed to accommodate a minimum of 12 Parachute Rigs.
- This customized design is highly functional due to the rugged design, resilient paint, industrial grade wheels with locks and steel top shelving.
- The design of the rack lends to multi-functional usage: portability, top storage shelf and hooks under the top shelf provides personal gear storage area.

- **Delivery 90 days after receipt of order.**
- **FOB: Plant**
